RE: Draft Mark Warner For President PAC
FEC ID NO. C00421297

Dear Filing Office Staff,

Pease find enclosed our Termination Report. This also contains the October 15, 2007 quarterly report. Since Governor Warner has now declared his intent to be a candidate for the US Senate in Virginia and is clearly not running for President, our campaign account is being closed and we intend to terminate our Committee. It is my understanding that no further quarterly reports are necessary.

Sincerely,

Terry C. Frye
